Any time between 10am and 1pm

Our Research. Your Health. A Day of Discovery!

Come to Garvan's **FREE** Open Day where you will see and hear about the latest breakthroughs in medical research directly from our scientists.

- See what a state-of-the-art medical research facility is really like.
- Learn about some amazing technology enabling medical research to progress at such a rapid rate.
- Explore an Expo where scientists show you their cutting edge research.
- Join a discussion with senior researchers and clinicians on one of the biggest issues: What is the future of science and medicine?

When: 10am to 1pm, Sunday 17 August 2008

Where: 384 Victoria Street (Cnr Burton Street), Darlinghurst.

Getting there

Buses 389, 311 stop on Burton Street.

Buses 378, 380, 333 stop on Oxford Street.

Train to Kings Cross station, turn right onto Victoria Street and Garvan is an easy 10 minute walk towards St Vincent's Hospital.
